

BETTER HUMAN Co

Conseil en capital humain

- **An independent consultancy specialized in Health and Quality of Work Life approaches.**
Better Human is IPRP* accredited. All approaches are led with integrity and scientific rigor. Analytical methodologies and the actions plans are built in line with your context and your values.
- **An organizational, systemic and multifactorial approach.**
The approaches combine constraints and organizational resources, individual and collective responsibilities. The developed approach aims to provide your team with innovating operational tools and co-build with them answers, combining performance and pleasure at work (survey, individual or group interview, analysis of work activity, mediation, managerial prevention of psychosocial risks, community of managers).
- **Multidisciplinary teams and long-term partnerships.**
250 expert partners in France and Europe join the firm in order to build ad hoc teams: ergonomists, occupational and clinical psychologists, jurists, sociologists, HR, etc. True partner of organizations and trusted third party, the firm works in close proximity with all intern actors: health services, working groups, preventers, management, managing director.
- **An approach always positive, unifying and constructive.**
The firm builds an adjusted and targeted communication plan, in order to make health at work an opportunity of social dialogue. The retrospective analysis allows measuring Quality of Work Life and identifying risk and support factors. The prospective analysis allows accompanying changes and measuring human impacts.
- **An action-oriented training organization**
Over 5 000 people have been trained by Better Human Co. Each awareness and training is adapted to the context of the organization and to the target audience (leaders, managers, HR, members of Committee for Health, Safety and Work Conditions, occupational Health and Safety department, and employees).
